

COMPLIANCE DECLARATION FOR MATERIALS AND PRODUCTS SUITABLE TO GET IN CONTACT WITH FOODSTUFF

We hereby declare that items:

Product Code	Product Description
013002090	COPPA JOYOSO CIRCUS

complies with all pertaining dispositions, specifically to the following European Community legislation:

Regulation (CE) 10/2011 and following upgrades and amendments;
Regulation (CE) 1935/04 and following upgrades and amendments;
Regulation (CE) 2023/06 and following upgrades and amendments;

and to the following Italian legislation:

D.M. 21/3/73 and following upgrades and amendments
DPR 777/82 and following upgrades and amendments.

Intended use	
Suitable for packing:	All types of food. (Ref. Table II of Annex III of Regulation (EU) 10/2011).
Temperature (in contact with food)	From 0°C to +40°C for 10 days From -18°C to 0°C for 10 days
Use information	Single-use product No traditional oven No microwave

The products are fabricated with the following components:

Cup	Polystyrene (PS)	in contact with food
Hand	Acetyl Tributyl Citrate (ATBC)	
Feet	Acetyl Tributyl Citrate (ATBC)	
Spoon	Thermoplastic Rubber (TPR)	in contact with food
Spoon handle	High Impact PolyStyrene (HIPS)	
Arm	Acetyl Tributyl Citrate (ATBC)	
Legs	Acetyl Tributyl Citrate (ATBC)	

The products *do not contain* substances subject to restrictions in the above mentioned legislation and respects the limits of global migration and specific restrictions listed in Annex I and II of the Regulation 10/2011.

The product is in compliance with the global migration limits and specific restrictions in the following test conditions:

Simulant	Durata	Temperature
A	10 giorni	40°C
B	10 giorni	40°C
D2	10 giorni	40°C

The limit of global migration, as well as other specific restrictions applied to monomers and/or other additives, are respected in the above-mentioned terms of use. This statement is supported by test of analyses or on the base of calculations made in consideration of the content of the substances subject to migration limits, made in accordance with the legislation cited above. The calculations were made assuming that 1 kg of food coming in contact with 6 dm² of product.

The products *do not* contain substances regulated by Regulations (CE) 1333/08 and 1334/08 (substances are also called "*dual use*" additives).

This declaration is drafted in accordance with Article 16 of the European Community Framework Regulation (EC) 1935/2004 and is intended for:

Polmarkus

The industrial or commercial use of the material indicated in this declaration is subject to the verification of its compliance with current regulations as well as the technological suitability for the purpose for which it is intended.

This declaration refers to the product as supplied by Alcas S.p.A and does not extend to subsequent modifications and / or treatments (chemical, thermal, etc.) made by third parties or by an incorrect use of the product itself.

This declaration is valid for two years from the issue date and will be replaced in the event of substantial changes to the material production capable of changing some essential requirements for compliance or when the legislative references cited in this declaration are modified and updated to require re-audit for compliance purposes.
