The limit of global migration, as well as other specific restrictions applied to monomers and/or other additives, are respected in the above-mentioned terms of use. This statement is supported by test of analyses or on the base of calculations made in consideration of the content of the substances subject to migration limits, made in accordance with the legislation cited above. The calculations were made assuming that 1 kg of food coming in contact with 6 dm<sup>2</sup> of product.

The products contain substances regulated by Regulations (CE) 1333/08 and 1334/08 (substances are also called "dual use" additives).

Substance Name	CAS Number
mono- and diglycerides of fatty acids (E471)	67254-73-3
